LAKE LIMERICK COUNTRY CLUB WATER COMMITTEE MINUTES July 12, 2014

The Meeting was called to order @ 9:00 a.m. by Chair Phyllis Antonsen

Roll Call: Chair Phyllis Antonsen, Secretary Don Bird, Treasurer Scott Carey, Committee Members Ken Ayres, Brian Smith and Brian

Employees Attending: Sheila Hedlund

Guests: None

Approval of Minutes:

A motion was made by Scott Carey, seconded by Ken Ayers and passed with no Nays as follows:

To approve the Minutes of June 14, 2014 as written

Additions to Agenda ~ Correspondence from Lee Howard, forgiveness request

Comments from Guests ~ None

Financial Report

1) Review

2) Service disconnect status

11 Accounts paid in full, 2 legal accounts paid in full for a total of \$2924.13, and eight of our members made partial payments.

A motion was made by Brian Smith, seconded by Don Bird and passed with no Nays as follows:

approve the Financial Report for June 2014 as presented

Water Distribution Manager's Report ~ See attached.

Action List ~ See attached

The list has been updated to coincide with the approval of the Water System Plan (WSP).

Part of the WSP was the Cross Connection Control Program for testing of secondary units, it was approved as presented to test every three years. The last tests were done May 2013, Action Item list will be updated to reflect next testing due date will be May 2016.

Correspondence

Lee Howard requested a forgiveness for his overage from May 2014 for the amount of \$394.00

A motion was made by Don Bird, seconded by Scott Carey and passed with no Nays as follows: To approve the Forgiveness request from Lee Howard for the amount of \$394.00

Old Business

- 1) Annual Backflow Assemblies testing has been completed for this year with a total cost of \$3736.04
- 2) WSP Has been approved, the next update is due July 2, 2020
- 3) Bids for work on Well #4

All bidders were given a letter with a scope of work for the well#4, the bids came back with a wide range as follows:

Nicholson's \$8,423

American \$21,942

Arcadia \$16,802

will be asked to review the bids due to the wide variance on the bids, the Committee would also like Bill to comment on the becommendations made by American, and to possibly request more detail from American and Arcadia to see if we can specify what the large differences are.

The Committee will review Bill's recommendations once received and vote via email.

4) Don's analysis of power usage

Don has determined that \$60-\$80 per month per well is for heating (during the winter months). This is a total of \$1,500 - 900 per year per well. Our total electrical expense per year is \$15,000 - \$20,000 which indicates that the heating portion of annual billing is 10%.

Recommendations are, better heaters with more efficient thermostats, a freeze stat which will only come on when there is a danger of freeze, 220/440 heater but the rewiring may be expensive to change over, and to contact the PUD to see what energy saving ideas they may have to offer.

5) SCADA

The system is working fine. Don has been in contact with Brown and Caldwell, our contact person there no longer works for them. Don has also contacted HDR and they have indicated that they would like to help with or be project manager for the SCADA upgrade. It is recommended that we get the expandable upgrade which costs \$6,000 for just the software, no installation costs are included in this price. It is also recommended that a new computer be purchased along with the upgrade.

New Business

1) Budget considerations for Fiscal Year 2014-2015 Add SCADA Upgrade along with Computer

Three CCC Testing, next due date May 2016, consider this a budget item and begin transferring the \$3.00 per month into the Main Line replacement Account. This will take a Motion from the Committee and will have to be presented to the Membership as part of the Budget process. This discussion will continue at the next meeting when the budget is finalized.

Announcements Next meeting date - August 9, 2014 @9:00am

Motion to adjourn.

A motion was made by Scott Carey, seconded by Ken Ayers and passed with no Nays as follows: To adjourn the meeting at 9:50 a.m.

These minutes have not been approved by the Water Committee Respectfully Submitted by: Sheila Hedlund

MOTIONS TO THE BOARD

A motion was made by Scott Carey, seconded by Ken Ayers and passed with no Nays as follows: To approve the Minutes of June 14, 2014 as written

A motion was made by Don Bird, seconded by Scott Carey and passed with no Nays as follows: To approve the Forgiveness request from Lee Howard for the amount of \$394.00

Lake Limerick Water System July Meeting

The general condition of the water system is good with no concerns as to system pressures or water availability to the customers.

Well Conditions:

Well #1 is operating normally. We had a small issue with the cycle-stop valve that was installed by Nicholson Drilling. They came out and made the needed adjustments. But we dumped the reservoir before putting it back on-line as a precaution.

Well #2 is still in stand-by and its use will only be required in extreme cases.

Wells #3A and B are operating normally.

Well #4 is operating normally.

Well #5 is operating properly.

Well #6 is operating normally.

Water Sampling:

The monthly routine bacteria samples were satisfactory.

I have prepared letters for the customers we are asking to take the Lead and Copper samples. Steve will take them door to door to make sure they will be home. We are using the same list that we used last time.

Water Usage:

The water loss calculation this month indicated a loss of 3.4%; the yearly average is 4.3%. This is where we want to be.

Customer Concerns:

We had 11 utility locates and turned the water on to a customer. One customer had concerns about bees in the valve box (Steve killed them).

Backflow assembly testing is complete for this year. We had a little mix-up with the instructions and they only replaced 2 assemblies. They performed 88 tests; 11 failed but were repaired. That is a 12.5% failure rate. The State average is reported as 10%, but this is a small sample size. I think we are in good shape.

I am only attaching one bid for the work at Well #4. Nicholson Drilling is preparing a bid and American Pump and Electric is visiting the site either tomorrow or the next day (they both promised to have them completed by Saturday). I will forward their bids when I get them.

I worked through the package I sent out and I was expecting the bids to come in around \$15,000; Arcadia is right in that ball park.

Steve painted some hydrants and the soffits of the pumphouses to prevent corrosion.

Thoughts:

The Water System Plan approval from the State is attached! Thank you Jester.

I will let Don update you on the SCADA improvements and electrical reduction investigations.

June was a pretty slow month (I took 2 weeks of vacation and Steve took 1).

Should you have any questions, or require further information, please call.

William Bernier

STATE OF WASHINGTON DEPARTMENT OF HEALTH

SOUTHWEST DRINKING WATER REGIONAL OPERATIONS PO Box 47823, Olympia, Washington 98504-7823
TDD Relay 1-800-833-6388

July 2, 2014

Jester Purtteman Northwest Water Systems Inc. Post Office Box 123 Port Orchard, Washington 98366-0123

Subject:

Lake Limerick Water, ID #44150T, Mason County; Water System Plan, ODW Project #13-

0502

Dear Mr. Purtteman:

The Water System Plan (WSP) received by the Office of Drinking Water (ODW) on May 9, 2013, along with additional information received on December 24, 2013, and June 16, 2014, has been reviewed and is **APPROVED**.

Approval of this WSP is valid as it relates to current standards outlined in Washington Administrative Code (WAC) 246-290 revised March 30, 2012, and RCW 70.116 (Municipal Water Law) effective September 2003, and is subject to the qualifications herein. Future changes in the rules and statutes may be more stringent and require facility modification or corrective action.

An approved update of this WSP is required on or before July 2, 2020, unless ODW requests an update or plan amendment pursuant to WAC 246-290-100(9).

APPROVED NUMBER OF CONNECTIONS

Based on the analysis presented in the WSP, the Lake Limerick water system is approved for 1,307 Equivalent Residential Units (ERUs), and for an Unspecified number of connections. The capacity was determined based on an Average Day Demand (ADD) of 224 gallons per day per ERU (gpd/ERU) and a Maximum Day Demand (MDD) of 728 gpd/ERU. The limiting factor for the system is source capacity (maximum day demand).

You are responsible for permitting the addition of new service connections to your water system in a manner consistent with the approved document. We expect you to maintain a process, which recognizes all new connections added to the water system, and the water demands associated with each connection. Your process must assure that physical capacity and water right limitations are not exceeded.

LOCAL GOVERNMENT CONSISTENCY

Barbara Adkins, Director, Mason County Community Development Department signed the local consistency statement on May 13, 2013. This meets local government consistency requirements for WSP approval pursuant to RCW 90.03.386 and RCW 43.20.

Jester Purtteman July 2, 2014 Page 2

SERVICE AREA AND DUTY TO SERVE

Pursuant to RCW 90.03.386(2), the service area identified in this WSP service area map may now represent an expanded "place of use" for this system's water rights. Changes in service area should be made through a WSP amendment,

Lake Limerick Water has a duty to provide new water service within its retail service area. This WSP includes service policies to describe how your system plans to provide new service within your retail service area.

CONSTRUCTION WAIVERS

Standard Construction Specifications for distribution main extensions in this WSP are approved. Consistent with WAC 246-290-125(2), this system may proceed with the installation of distribution main extensions provided this system completes and keeps on file a construction completion report form in accordance with WAC 246-290-125(2) and WAC 246-290-120(5) and makes it available for review upon request by ODW.

WATER RESOURCES

This approval does not provide any guarantee and should not be considered to provide any guarantee concerning legal use of water or any subsequent water right decisions by the Department of Ecology (Ecology). A copy of the WSP was sent to Ecology on May 13, 2013. As of the date of this letter, comments have not been received from Ecology. ODW is making this approval based upon the water system's water right analysis.

WATERSHED PLANNING

Ecology has not determined this WSP is "not inconsistent" with the approved watershed plan for WRIA 14, the Kennedy Goldsborough Watersheds. Please contact Ecology for more information.

We recognize the significant effort and resource commitment involved in the preparation of this WSP. Thank you for your cooperation.

If you have any questions, please contact Regina Grimm at (360) 236-3035 or Corina Hayes at (360) 236-3031.

Sincerely,

Office of Drinking Water, Regional Planner

Regina Grimm, P.E.

Office of Drinking Water, Regional Engineer

cc:

Sheila Hedlund, Lake Limerick Country Club Mason County Health Department

Mason County Planning Department Tammy Hall, Department of Ecology

WATER COMM. TEE MEMBERS ACTION ITEMS LIST

	ITEM	DATE TO BE DONE	STATUS
1.	Radio Communication License Fee	10 year Renewal, next due May 2015	Includes Rules and Updates
2.	System wide water line replacement to include: • Well #1, Clonakilty Loop • 4" water main, 04-030: Eliminate from	Long-range planning.	Evaluation for total replacement completed Feb 2009: estimated cost \$10,000,000.
	the lot, relocate to greenbelt Ballantrae/Aycliffe Valve Replacement		
3.	WSP updates required in 6 years	Next update required July 2, 2020.	DOH APPROVED JULY 2, 2014 Includes ERU approval of 1307 connections
4.	Annual Consumer Education Meeting	April of each Year	Next Meeting April 18, 2015
5.	Secondary BFA testing	Every Three Years, last done May 2013	Next testing due: May 2016
6.	Annual Well Site Inspection	Annually In May for new Committee Members	April 2015 Next Inspection
7.	Sanitary Survey	Every 5 year	Next Scheduled Survey 2018
8.	Well #3 Steps	Scheduled for Fall	To be completed as weather permits
9.	Consumer Confidence Report, to include Educational Materials	Annually Mailed with July 1 Deadline	Next CCR Due July 2015
10	Water Use Efficiency Report	Annually Reported with July 1st Deadline	Next Report Due July 2015
11	Nitrate Sampling	Annual Testing Required	Next Test Due July 2014
12	Herbicide Sampling	9 Year Waiver	Next Test Due July 2022
13	Volatile Organics (VOC) Sampling	6 Year Waiver	Next Test Due July 2019
14	Complete Inorganic (IOC) Sampling	9 Year Waiver	Next Test Due July 2019
15	Pesticides Sampling	3 Year Waiver	No Test Date Supplied on DOH Schedule
16	Lead and Copper Sampling	Every 3 Years	Next Test Date July 2014
17	Cross Connection Hazard Surveys	Every 5 Years	Next Survey Due 2017
18	Reservoir Cleaning	Every 5 Years	Next Cleaning Due 2015
19	Tops of Reservoir Cleaning	Every 5 Years	Next Cleaning Due 2017
