

**DECLARATION OF CANDIDACY  
LAKE LIMERICK WATER COMMITTEE**

I have read the Water Committee Operating Procedures, Purposes, and Scope of the Lake Limerick Water System and understand that to perform these duties, I am expected to attend at least one monthly meeting. If elected, I promise to be available to perform my duties to the best of my ability for my term in office. Given that remote participation may be allowed at monthly Water meetings, and considering that in-person participation is preferred, I understand that I should not participate remotely for more than two (2) consecutive months without consent from the Committee.
