

Business and Residential Notice

In Treatment Area In ¼ Mile Notification Area

Distribution Date: 6/29/2018

Limerick Lake **will be treated with** aquatic herbicide **on or** between July 16th – November 2nd. Treatment(s) will **not** take place on weekends or holidays. Only two applications are anticipated at this time. Additional applications may be necessary.

Product(s) planned for use: Littora and Sonar

Active ingredient(s): Diquat dibromide and Fluridone

Plants/Algae targeted: Pondweeds (Potamogeton spp.)

Location of treatment(s): Near Shore areas of the Limerick Lake that contain nuisance weed growth.

The applicator will post signs in the treated and potentially affected areas no more than 48 hours prior to treatment. The signs will describe any water use restrictions or advisories.

If you are withdrawing water for potable or domestic water use, livestock watering, or irrigation, and have no alternate water source, please contact AquaTechnex at 360-330-0152 to arrange an alternate water supply.

If you want additional notification prior to treatment, or have further questions, please contact me using the information above.

This herbicide treatment is regulated under a permit issued by the Washington State Department of Ecology. Permit No. WAG994087
