

## INN COMMITTEE MEETING

APRIL 30<sup>TH</sup> 2020

VIA ZOOM

Meeting was called to order by Sheila Nokes

Members Present: Budd and Bonnie Morrow, Nancy Milliman, Susan Smart, Sue Bird, Mary Ann and Paul Wagner, and Sheila Nokes

Guest: John Lngemi and Dean Dyson

Staff: Roger Milliman and Josh Neely

Chair and Secretary Positions: It was asked to those in attendance if anyone would be willing to step into those positions. There were no volunteers at this time. Discussion ensued regarding this issue. A few members were not in attendance so an email will go out asking if any of them would like to take over any of these positions. Also suggestions were brought up on how to go forward if there is no chair. Is it time to rethink the just how the Inn Committee runs? There are some sub committees now, Design Committee that Susan Smart will continue to head up. The Music on the Patio Bonnie will continue to work to organize with the help of several others. Nancy is working on Marketing with the Greens committee and will continue to do that job. Kayla has been heading up the Youth programs and we will ask if this is something she wants to continue. The members of this committee have been very active in the Lake Limerick Community for several years and have been in charge several times. There is a need to bring in some new blood so to speak. If you know of someone or would invite a new resident or friend to come to a meeting with you we may be able to get more members involved.

When and how do we open up the Café, Inn and Lounge when we are able was discussed. The Governor will be making an announcement on May 4<sup>th</sup> regarding the next step so we will wait until then to make any plans moving forward.

Summer events such as Lake Limerick Daze and the End of the Year Bash were also brought up and if these events cannot be done in the way we have in the past maybe we can rethink what we could do and still keep with our social distancing. One suggestion was a Parade of decorated cars and golf carts going around the lake on July 4<sup>th</sup>. A parade permit would be purchased with volunteers to monitor the roads to keep other cars out for an hour. We are open to other suggestions.

Roger and Josh are working on a schedule for the Café now that golf will be opening. There is a limited staff so hours are an issue. The numbers are looking good for food purchases during this

stay at home order and curbside pickup for the Inn and Café is increasing. We will have more information at a later date.

The County has signed off on our new deck permits so we are moving on to the next phase of the Board approving starting the contract bids for construction. All this is good news.

Marketing and advertising are going forward with Nancy and Elen's hard work.

Mother's Day and Father's Day Brunch out of the Café are in the works.

When we do open for sit down meals there will be limited seating and masks should be worn when coming into the facilities.

The Inn Committee will hold another meeting in early June to discuss the Governors next phase of reopening.

Meeting adjourned.
