Golf Course Walker Policy

May 4, 2020

For Walker safety, LLCC golf course rules will be enforced for walking on cart paths:

1. Walking on cart paths is restricted to LLCC members and guests.
2. Golfers have the right of way. When you see a golfer about to hit a shot, please move to a safe place possibly behind a tree. It is your responsibility to yield right of way to golfers.
3. Walkers need to walk in the opposite direction of golf play so that you can see them.
4. Dogs must be on leash and please pick up after your dog and deposit bags in your own garbage at home.
5. No bikes, skateboards, or similar recreation vehicles.
6. If you have any issues including rude golfers please let the course marshal know or call the pro shop at 360-426-6290.

We are glad you live at Lake Limerick and wish we had other areas to walk that might be safer. Please just be CAREFUL.

Golf balls travel at over 200 mph and let's face it, many golfers do not know where their ball is going.
