

## Compliance Committee December 2020 Minutes

December 2, 2020, 6:20 PM

Present on Zoom: Leslie Roswell, Ed Stember and Dean Dyson

These are the minutes that do not show on the Compliance Register.

We are on the verge of hiring a secretary for the Architecture and the Compliance committees.

We sent out 21 reminder letters at the end of October to those we had identified with camping lots with trailers or RVs and to those who seemed to have people living permanently in trailers or RVs on their property with homes on them. The reminder letters stated that these activities had to cease from November 16, 2020 until April 1, 2021. As of this meeting 13 owners have complied, 6 have been or/are being sent follow up letters, one was spoken to directly and has some mechanical problem with his trailer and will be moving out in the next few days, and one we need to investigate more to see if someone is living in the trailer.

Dean met with the Executive Committee to discuss how to handle 4 long standing cases listed on Register.

Next meeting January 6, 2021
