

Tamy Fletcher - Lake Limerick Water Committee Candidacy Statement

My husband and I bought our home on Lake Leprechaun in 2012 with the intention of passing it down to our children and then their children and then their children. Although we continue to move around the US, we consider Lake Limerick home. My involvement and commitment to this community and its needs have motivated me to finally run for the board of directors. I have strong opinions, but I am open to listening. I am encouraged to share any and all thoughts that will maintain or improve life here. I am collaborative, accessible, dedicated, and happy to serve. I look forward to strengthening LLCC in the future.

Current Co-Chair Bylaws and Declarations Committee

CASA (Court Appointed Special Advocate for children in foster care) Served Clark and Mason Counties for over 5 years. Vancouver Public Schools
