Operations: Chef Jon

- **Financials:** There are no updates on operations due to unavailability of P&L's

***NOTE:** The Inn Committee supports the new GM's efforts to provide timely financial information as soon as possible. It is extremely difficult without the availability of financial information for the Chef and Committee to make the necessary adjustments both to increase revenue and to provide a better experience for the HOA membership. The Committee is also concerned with the current POS system as it continues to be a source of lost revenue and operational problems.*

- **Employees:** Still shorthanded and trying to work around with no dishwasher and no lead for front of house. The Kitchen greatly appreciates the help from the committee members with food handler's permits who have stepped up providing dishwashing and other tasks.

***NOTE:** This committee recommends the GM prioritizes the hiring of the employees necessary during the high-volume summertime dining for the benefit of our members and staff. This effort will assist the Kitchen in acquiring appropriate staffing which will result in maintaining the positive attitudes of the staff. Chef Jon assures us that all current staff are doing their best to maintain the quality the members expect.*

Recap of Recent Inn Committee Events:

- **Lake Limerick DAZE:** went extremely well! Fun had by ALL! More discussion on this next month since our Lead is on vacation. Note: There was a safety issue at the start of the parade when an LLCC member felt threatened by two men that demanded to be let through. To avoid problems in the future, we suggest support from our security service.
