

Lake Limerick County Club (LLCC)

Lakes Dams Parks

To help everyone enjoy a safe and relaxing time on the water and in our parks, we kindly ask everyone to be aware of the following information. Thank you!

Vessel Re-Registration

- Last Summer all HOA members with boats previously registered for use on Lake Limerick were notified that a Re-registration effort was initiated. Current vessel registration tags (Blue) are valid only through this boating season. Beginning 1 October 2025, all boats will be required to have the new Green Vessel tags to use LLCC Boat Launches and to use/dock your boat on Lake Limerick.
- Members must register their boats with the office in accordance with the LLCC [Vessel Registration Procedures & Forms](#) document.
- Vessel Registration can go smoothly if you provide the proper documentation and complete the proper Registration forms. When you bring your registration documents to the office, please consider the following:
 - Any vessel over 16 feet or powered by a motor of 10 HP or greater requires registration by the State and LLCC.
 - Only members can register boats, and the boat must belong to the member, in other words the name on the State Vessel Certificate of Registration must match the Lot/Property owner's name (no boats from relatives or friends).
 - Vessels over 19 feet in length are not allowed except as follows; 1) pontoon boats up to 20 feet in length and 2) competition ski boats up to 20 ft in length with an approved exception.
 - You must provide the current (original) copy of your state registration form for us to photocopy. This is the document you get every year when you register your boat with the state (no titles or trailer registrations).
 - If your boat is a competition ski boat over 19 feet but less than 21 feet in length you will be required to file for a length exemption. Your first step will be to prepare and submit a registration request as described above. You will be notified of any additional effort needed to complete your registration.

What you need to register your vessel:

- A completed LLCC Vessel Registration Form.
- A Washington State Vessel Registration Certificate (for us to photocopy).
- See the LLCC Vessel Registration Procedures and Forms document found on the LLCC website: https://lakelimerick.com/static_document/vessel-registration-form/

Registration Options:

- **Option 1 – ON SITE REGISTRATION; Normal in-office registration.**
 - Option one is to register your boat in the office by following the documented procedure.
- **Option 2 – ON LINE (Email) REGISTRATION: Email appropriate documents**
 - Fill out a Vessel Registration Form electronically on your computer (saved as a PDF) and along with a color scanned copy of your current year State Vessel Registration Certificate (also saved as a PDF) email both to: mail@lakelimerick.com
 - You will be notified if additional information is needed and when to pick up your Vessel Tags from the office.

Newly designed boat decals will be issued to members at the time of re-registration only if the proper documentation is presented and approved. **All boats must be re-registered by October 1st, 2025. If a boat is not re-registered, the member will be out of compliance and subject to a fine.**
