## 2026- Meet the Candidates

### DEAN DYSON – CANDIDATE FOR THE BOARD OF DIRECTORS

**EXPERIENCE:** Having served on the Lake Limerick Board of Directors for the past 6 years, I feel that I have the knowledge and experience needed for this growing and ever-changing community. Prior to moving to Lake Limerick, I owned my own dental practice for over 37 years, I was on my church board, worked with the church's St. Vincent de Paul, I was on the board of a condo that I lived at, and for over 40 years, I have served on the Forensic Committee of the Seattle-King County Dental Society.

**COMMITMENT:** My plan is to contribute in a similar manner to how I have in the past 6+ years. Attend as many committee meetings as I can. This gives me a good idea of why projects are proposed, why they are important to them, and why they cost what they do. I also want to encourage members to continue to bring their concerns and questions to me. I want to continue talking with staff to see what they think and show that the board is interested in their concerns. I want Lake Limerick to remain a place where members interact, form friendships, and work together to make it a better place to live. This is in contrast to the “big city” where I used to live, where I hardly knew my neighbors.

**CLOSING:** I feel that members should vote for me because of my experience, and it is my hope that they have seen that I am working for their interests.

### KAREN HOLMES – CANDIDATE FOR THE BOARD OF DIRECTORS

**EXPERIENCE:** I have served on the Kitsap Credit Union Board of Directors for 6 years. KCU and the KCU Board lives the values of community and volunteerism. I have served as a volunteer instructor for WaEdu for both cyber security and STEM for young women.

**COMMITMENT:** I take my Commitments seriously. Engaging whenever needed and stepping up are in my DNA.

**CLOSING:** I am honored to be considered for a position on the Board of Directors. I believe strong organizations are built on collaboration, transparency, and a deep commitment to the communities they serve. Throughout my professional and personal life, I have prioritized community engagement and volunteerism. I believe that meaningful service not only strengthens neighborhoods but also builds lasting relationships and trust. Whether supporting local initiatives, mentoring individuals, or contributing time and expertise to nonprofit efforts, I have consistently sought opportunities to give back and make a positive impact. If elected to the Board, I will bring thoughtful leadership, strategic thinking, and a commitment to inclusive decision-making. I am dedicated to fostering partnerships, encouraging volunteer involvement, and ensuring our organization remains responsive to the needs of our
